

NEW: Introducing Profhilo® at The Devonshire Clinic!

Due to high demand, we are now opening a waiting list for priority booking.

We are excited to introduce our new Profhilo injectable treatment.

Profhilo is an advanced injectable treatment featuring one of the highest concentrations of hyaluronic acid (HA) available, specifically designed to rejuvenate skin that has lost volume, elasticity, and hydration.

With nearly one million treatments performed to date, Profhilo has won numerous awards, including the 'Aesthetic Award for Product Innovation of the Year' in 2016, and the 'Award for Best Injectable Product in Europe' at the Aesthetic Industry Awards in 2018.

Benefits

- Boosts hydration, elasticity, and firmness
- Creates a natural, refreshed glow
- Smooths fine lines and improves texture
- Stimulates collagen and elastin for long lasting results

Whether you are looking to address fine lines, loss of firmness, or simply want to improve overall skin quality, Profhilo offers a subtle yet transformative result.

To secure your place on our priority booking list, contact the clinic today.
Bookings open from the 18th of November.
